

PPP Nodal Officers' Orientation cum Review Meeting

Presentation by:
Gujarat Infrastructure Development Board
Government of Gujarat
January 3, 2008

contd...

- E.** Minimum Financial obligation on the part of Govt. through prudent use of guarantees is being taken care in the Concession Agreement.
 - F.** The State Govt. has created a machinery such that PPP cell is working in co-ordination with the executing agencies like GMB, GSRDC, GWIL, GPCL, GIL, etc which undertakes project award through competitive bidding.
 - G.** Standard internal evaluation guidelines have been prepared for technical evaluation of Projects
 - H.** Since last one year GIDB is conducting structured capacity building exercise in PPP for various State Govt. Departments /Agencies with the help of IL&FS. This includes both Basic and Advanced level courses.
-

contd...

- I. Based of past experiences the effort to increase the 'deal flow' of eligible projects is on going.
 - J. The PPP cell arranges various programs and participates in public forums, for dissemination to consumers, investors and government entities.
 - K. Monitoring, inspection and visit of PPP Project is done in co ordination with the sectoral executing agencies.
-

-

TA:MIS Expert for Gujarat

- ❑ The expert has been asked to prepare a format for collecting data and information for creating a shelf of Projects across various infrastructure sectors. The data collection process has commenced.
 - ❑ The data on best practices in international and Indian PPP Projects is being collected and circulated to all the sector officers.
 - ❑ The work regarding development and maintenance of information data base to track PPP Projects shall soon commence.
 - ❑ The work regarding data analysis is yet to commence.
 - ❑ Work regarding availability of all information in public access database on PPPs in Infrastructure has commenced.
-

Work anticipated

- ❑ An in built system shall be developed in the form of MS Projects or other software for tracking of projects both within the PPP Cell and within the Govt.
 - ❑ An intranet system shall be developed for Networking and linking files across sectors.
 - ❑ Development and enhancement of exiting Website.
 - ❑ Integrated and informative knowledge database.
 - ❑ Increase awareness among potential private sector, consumers and other Govt. agencies about PPP projects through innovative techniques.
-

-
- Once the MIS expert starts working in tandem with all the sector experts of the state PPP cell, a strong database collection, analysis and dissemination of information in public access shall take place.
 - **PPP Expert** may also strengthen the TA Programme in the State
-

Thank You
